Mike Johnson	CCS
Lauretta Jenkins	BJE
Pat Moormann	MD of Mackenzie – Recording Secretary

**1.0 CALL TO ORDER**

Pat Kulscar called the meeting to Order at 3:10 p.m

**2.0 ADOPTION OF AGENDA**

**3.0 DELEGATIONS**

Presentations were made by Shawn Samborsky of Wasteco, Mike Johnson with CCS and Lauretta Jenkins with BJE. L & P Disposal was not available.

Discussion followed each presentation.

The Town of Rainbow Lake presented a verbal report on their waste management stream. Waste is picked up once weekly with no hazardous waste, treated wood or metal being accepted. A local contractor takes the metals. There is an on call system to open the gate. L&P provides a good service. The site is a Class 11 site. Untreated wood is burned. Rainbow Lake is charged \$27 a bin to haul waste to High Level.

The Municipal District of Mackenzie then stated their waste management is similar to Rainbow Lake's. L&P does the hauling. The MD has

initiatives such as toxic waste roundup, metal recycle, tire management. Transportation is the biggest cost.

The Town of High Level stated garbage is picked up on Wednesday and billed on residents utility bills. Residents can also deliver waste to the landfill. The Town has no recycling. There is one employee at the landfill. Waste haulers are charged, collections are added to the town's financial system. Only clean wood without nails is accepted, treated wood and OSB wood is not accepted. Businesses pay for their own collection.

Discussion followed each presentation on the waste stream.

No one from the general public attended the meeting to discuss recycling.

The remainder of the Agenda was tabled to the next meeting.

#### **DATE OF NEXT MEETING**

September 17, 9:00 a.m. – High Level Council Chambers

#### **ADJOURNMENT**

Resolution 36.04

Moved by Wayne Thiessen

The meeting adjourned at 6:40 p.m.
