#### **3.3.2 Selection of Authority Manager**

If we select a person, it is recommended that the municipality for whom they work should be appointed as the Manager. I.e. a Town of High Level employee (CAO for example) is chosen then the Town is appointed as the Manager. It is to be a shared service, and does not require a full time employee.

There should be an agreement between the Authority and the Managing municipality (manager).

The Authority Manager will appoint the Secretary-Treasurer. The duties and responsibilities to be included in the policy.

The Resource Recovery Grant may be applicable for establishment of a Recycling program.

That the Proposal be accepted for information.

**WITHDRAWN**

**Resolution**

Moved by Councillor Bateman

That the Recycling Proposal from Bill Jenkins Enterprises Ltd be approved in principle.

**CARRIED**

Request for information on the liability of environmental issues within the landfill.

**10. Sewage Dumping Fees for Landfill**

The proposal is to charge a user fee for the dumping of waste water (mostly Car Wash waste) in the landfill.

There was concern over oilfield waste that could be contaminated and dumped in the landfill.

The operator was asked if the truckload could be tested before they dump to prevent any environmental problems.

The operator agreed that a random sampling process is appropriate, as is recommended by SWANA.

It was questioned whether there was a need for a lagoon at the landfill? But the Town's lagoon is for sanitary waste only.

**Resolution**

That the User Fees for the dumping of sewage at the landfill be set at \$25 for a Single Axle truck, \$50 for a Tandem Axle Truck and \$100 for Larger Trucks.
